

PRODUCT

Mop Head Frame

TECHNICAL DATASHEET

DESCRIPTION

Swivel Mop Head Frame is designed specifically for use in controlled environments. Made of high-grade stainless steel, it can be maneuvered onto floors, walls, ceilings, baseboards and confined areas such as corners or stairs where conventional string mops are notoriously inefficient. Low-profiled mop frame for easy and efficient cleaning under fixtures or other hard-to-reach surfaces.

Ideal for mopping in an “S” motion, collecting solid particles during use. Delivers continual surface contact at any angle and is accurately balanced for non-flipping. Swivel locks into any position for maximum contact pressure. The contaminated mop or sponge head is easily replaced with a quick squeeze to release the frame-locking mechanism.

Impervious to most chemicals, will not rust, corrode or oxidize.

FEATURES

- Type 304 Stainless steel
- Designed specifically for use within controlled environments
- Compatible with gamma, ethylene oxide and autoclave sterilisation - up to 121°C / 250°F for 30 minutes

PRODUCT CODE	DESCRIPTION	SIZE (INCH)	SIZE (MM)	QUANTITY
600-1007	Swivel Mop Frame Head	16 x 4 x 1¾	406 x 101 x 44	Each
